DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

IMPORTANT: Keep out of reach of children. Do not place in areas accessible to children.

Use Restrictions: To kill clothes moths (eggs, larvae, and adults) and carpet beetles in clean, air-tight containers (e.g. chests and trunks), garment bags, and storage closets. Do not use in containers, dry cleaning and garbage bags, or closets that allow vapors to escape into occupied rooms. Do not use this product with any other moth control chemical. Do not use in plastic storage containers or in contact with plastic items as paradichlorobenzene damages some plastics. For use only on cloth containing wool or wool blends in fabrics, silks, blended fabric, and furs

Pre-Application Directions: Articles to be stored should be cleaned or thoroughly brushed.

Application Directions: Apply [IMS Moth Crystals] [Smart Living Moth Crystals] in clean, air-tight containers, bags and closets at the rate of 1 lb. for each 48 cubic ft. of contained spaces.

To determine the appropriate ounces of product needed, multiply the height, width, and depth of the space (measured in feet) and divide by 3. For example, a closet 8 feet high, 4 feet wide, and 3 feet deep is 96 cubic feet, divided by 3 ft³/oz. of product, equals 32 oz. of product needed to adequately treat the area.

FOR CLOTHING, BLANKETS, DRAPERIES, FURS, ETC., sprinkle [IMS Moth Crystals] [Smart Living Moth Crystals] freely on bottom of storage space, between folds and layers of articles and an extra amount on top before closing container. Excellent for use in garment bags. Be sure storage space is tightly sealed.

RUGS AND CARPETS are effectively protected from moths and carpet beetles when [IMS Moth Crystals] [Smart Living Moth Crystals] are freely sprinkled between folds, rolled and wrapped in heavy paper. Seal tightly to contain vapors.

Paradichlorobenzene moth crystals must not be mixed or placed in contact with other moth preventative products or chemicals. Do not use in plastic storage boxes.

4/5

Post-Application Directions: Keep product in air-tight space for a minimum of seven (7) days. Odor dissipates when treated articles are aired.

Retreatment: Since moths are active all year, replenish air-tight containers, bags, and closets two (2) times a year.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

WARNING: Causes substantial but temporary eye injury, skin, and respiratory tract irritation. Harmful if swallowed or absorbed through skin. Causes eye, skin, and respiratory irritation. Wear protective eyewear. Do not get in eyes, or on clothing. Avoid contact with skin. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

NOTICE: California has determined that a chemical contained in this product causes cancer based on tests performed on laboratory animals.

FIRST AID	
If Inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. • Call a poison control center or doctor for further treatment advice.
If on Skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If in Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If Swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the National Pesticide Information
